

LETTER OF RECOMMENDATION

To whom it may concern

The Steering Group of the Priority Area 6 “**Preserving biodiversity, landscapes and the quality of air and soils**”, made up of representatives from the Danube countries (nominated by their governments), has pre-examined the project SMIWASTRES (“Transfrontier collaboration for establishment of efficient System for Municipal and Industrial Waste Treatment on the basis of their Sorting”) on the basis of a project description form, in which the project relevance for the EUSDR, the project objectives, activities and expected results and further information are described by the applicant (Department of Housing & Communal Service of Chernivtsi Regional State Administration - Ukraine).

The conclusion is:

The project ‘SMIWASTRES’ contributes to the actions of the EU Strategy for the Danube Region. Hence, the Steering Group - representing the Danube countries - invites the funding sources to consider providing adequate financial support to the project.

EU Strategy for the Danube Region
Priority Area 6 - Letter of Recommendation for project SMIWASTRES

Dear Mr. Leontiy,

enclosed I submit to you the Letter of Recommendation for the project application
SMIWASTRES, which can be forwarded to the respective funding programme. The
Steering Group of the Priority Area 6 of the EU Strategy for the Danube Region took
the decision on basis of the application, which was submitted by Dr. Zinoviy S.
Broyde.

With kind regards

Dr. Florian Ballnus
Priority Area Coordinator
